

[Licensing & Permits](#)

To start a business in the U.S. Virgin Islands you will need to obtain a business license from the [Department of Licensing and Consumer Affairs](#) (DLCA). DLCA will complete the "One Step" review process with the following government agencies:

- Police Department
- VI Bureau of Internal Revenue (tax clearance)
- Department of Planning and Natural Resources (zoning)
- VI Fire Service
- Department of Health (food related businesses)

Depending on the type of business, you may also be required to obtain permits, clearances, or board certifications before a business license will be issued. Review the [steps for obtaining a license](#) on the DLCA website.

Corporations or any business that requires a trade name must first contact the [Division of Corporations & Trademarks](#) at the Office of the Lieutenant Governor before applying for a business license.

VIEDA is an equal opportunity provider, employer and lender
